Bloomfield
June 9th 1898 Run line on west boundary of Franklin Street west of Pub. Sq.
Beginning 61 feet west of new corner stone at NW public square thence South
to an original stone at SW corner of Franklin and Mechanics Street ^{out side} NE cor
lat 121. All in Bloomfield Indiana. H. M. Parker Dep.

Bloomfield

July 25 1898 Surveyed lots 31nd and 32 in A. G. Lavington Addition to Bloomfield
for Standard Oil Co. at iron pipe below surface ^{outside} for ^{corner} corner.
H. M. Parker Dep.

On March 27 1923 the writer was present at grading on the
Williams lot west of Lemmings street the north end corner of the lot being
22 1/2 feet west of original stone of northwest corner of original addition to
Bloomfield. A stone was torn up near the south line of said lot and
then the point of location was examined as best as could be done by
digging to find the hole where the stone was placed. The point of
location was found at 17 feet north of north walk line on Main St & 43rd
but west of the west line of Lemmings. It seemed to the writer that the
location should have been correct within one foot. C. C. Parker
